

Where we fly

Angel Flight can fly you anywhere you need to go, and take you back when you're done.

ANGEL FLIGHT

IMPROVING LIVES ONE FLIGHT AT A TIME

Free flights for patients

We are a nationwide network of volunteer pilots, and planes, that provide free flights to hospitals or specialist facilities for patients and caregivers. Our volunteer drivers meet every flight and provide transport to the hospital, clinic or surgery.

What is Angel Flight?

Angel Flight is a registered New Zealand charity comprising of over 200 private aircraft owners and ground support volunteers.

We offer free flights to patients and caregivers to get to medical facilities. We help those who need to travel long distances for non-urgent medical treatment but don't qualify for the Air Ambulance service and for whom ground transport is unavailable or would be stressful.

We are nationwide, so can help carry patients throughout New Zealand.

All our volunteer Pilots exceed the minimum requirements of the Civil Aviation Authority for private flying in New Zealand.

The Angel Flight service is available to anyone who is referred to us by a Healthcare professional – Social Workers, Nurses, Doctors, Salvation Army, Plunket Nurses and PHOs.

This approach has been successfully adopted in the USA, Canada, and Australia where thousands of people have benefited from this service.

Now Kiwis can do the same.

Angel Flight guidelines

Angel Flight might be able to help if the patient:

- Lives rurally, so has to travel to central medical facilities.
- Doesn't qualify for the Air Ambulance service but would find road transport taxing or difficult.
- Won't require medical support during flight.

To request a flight, visit:

Contact details

Requests for Angel Flight can only be made by a health professional.

Call us on XXX or fill out a booking request form on www.angelflight.co.nz.

We will then contact the patient to find a suitable date and time to fly. A 14 day notice period is required for requests for an Angel Flight service.
